

CAHNR Diversity Enhancing Graduate Assistantship Competition

In an effort to enhance the diversity of graduate students enrolled in CAHNR, the college is pleased to announce the availability of two half-time Graduate Assistantships (level 1, 10 hours/week, academic year) beginning fall 2023 (for a maximum period of two years for MS and three years for doctoral students). The Graduate Assistantships must be used to recruit underrepresented graduate student populations (members of underrepresented race/ethnicity, LGBTQ community, veterans and people with disability). The application package of prospective students (CV, transcript(s) and test scores) should be submitted electronically as a single pdf file to lynn.grabowski@uconn.edu by 5:00 pm on April 7, 2023. The CAHNR Administrative Council will review the applications and select the most competitive applicant for the assistantship. The criteria for the assistantship are provided below.

1. The student should hold a four-year baccalaureate degree or its equivalent from an accredited college or university.
2. A minimum cumulative grade-point average of 3.0 for the undergraduate degree.
3. The student must fulfill all the admission requirements for UConn graduate school and the specific program (department) of study.
4. The student must be supported by a matching half-time GA provided by the PI, Department or other sources.
5. A short justification on how recruitment of the applicant will enhance the diversity of the program and college.
6. Currently matriculated/enrolled graduate students in CAHNR are not eligible to apply.
